Skills

As a junior front-end developer, I am proficient in HTML, CSS, Bootstrap and JavaScript. I am also familiar with the front-end framework React and with the version control system Git.

Experience

November 2019 - May 2022

Self employed, Romania – *Wordpress website developer & social media manager*

- Developing wordpress websites for various businesses. Favorite project: https://rv4travel.ro/
- Managing social media accounts for businesses and micro influencers.

July 2021 - August 2021

BK Hosting, Brasov, Romania – *Web development intern*

- Working on a toy project designed for interns with the task of developing a search functionality using Algolia.
- Used technologies: JavaScript, TypeScript, NodeJS, MongoDB, Docker, React, Algolia.

July 2020 - August 2020

Mero, Craiova, Romania – *Web development intern*

- In production work (under tutoring) designing and implementing a new functionality: Facebook login.
- Used technologies: JavaScript, TypeScript, NodeJS, MongoDB.

October 2019 - November 2019

CS Nine Gmbh, Vienna, Austria – *Web development intern*

- First time hands on experience with the web technologies through small tasks like implementing buttons or forms and developing simple functionalities.
- Used technologies: JavaScript, Ionic, Angular, SQL Server.

Education

October 2018 - July 2022

Faculty of Automation, Computers and Electronics - University of Craiova

Engineering bachelor's degree

I have studied Computers and Information Technology in English. Similar to a Computer Science degree. The subjects approached both software and hardware development. Mathematics, Electronics, Microcontrollers, Computer's Architecture, Data Structures and Algorithms, Databases, Mobile Development, Web Development, AI, ML and 30 other topics. A little bit of everything.

March 2019 - May 2019
How to build a Facebook app from A to Z Course, Craiova
Participation diploma

At the time the course was beyond my level of knowledge but deserves the credits for introducing me to the world of web development long before it was a subject in university.

Certificates

CAE C1 Level
